SUBJECT.

Supply of arms &c. to the Police engaged to relieve the Military Garrison from Travancore Contingent

The procedure for the Madras Police for obtaining arms & ammunition required from the ordnance Depôt: is laid down in para: 564 of the Madras Police orders. The C & M Police being quite unconnected with the Madras Police it is doubtful whether these orders apply to the Station.

page 260.

2. In 1892 there was a proposal to arm certain members of the Station police with S.B. Snider carbines & the Ordnance Officer Bangalore was asked to state if these arms could be supplied free of charge. He replied that the Sanction of the Govt: of India was necessary for the issue of arms from the Arsenal & at the same time suggested the issue

It is presumed that the arms not indented for are Snider Rifles as described in clause 1, para 577 of the Madras Police order. page 270.

3. What the cost of the arms &c., not indented for, ~~and~~ will be is not known. Being Govt. arms they may perhaps be supplied free of charge. If approved the sanction of the Govt. of India may be applied for; but before doing so the Madras Govt. may be asked to forward in communication with the Officer in charge of the Madras Arsenal, an indent in the prescribed form, ~~and~~ ~~if~~ is submitted for appl.

4. It is a question whether swords are necessary for the Head Constables & whether Snider rifles should be provided for Constables. The Bombay Head Constables are not armed with swords and Treasury escorts are supplied only with breech loading smooth bore carbines. The T. & L. are ordinarily reluctant

to provide arms for personnel of the Royal Police (Then Special Reserve or Military Police) & Irish B.d.s.b. carbines are sufficient for our requirements. Hand Guns used not to be armed with swords.

SUBJECT.

Supply of firearms to the police for treasure escort duty—

Please see paragraph 544 of the Madras Police Orders regarding the supply of arms & ammunition to the Madras Police. No mention is made about this supply on payment of fee—

Madras stands on a different footing altogether

2. The arms being Govt: ones and intended for the use of the Special police entertained for treasure escort duty, it was presumed that the supply would be made free of cost. In the telegram

8/2 2-7 to the Govt of Madras & their reply no mention is made of about the cost.

3. In 1892 when there was a proposal to arm the Madras police with fire arms, the Government were asked if those arms

Could be supplied free. A reply to the effect that the Sanction of the Govt. of India is necessary for the issue of such arms was received.

S1. 177. 311/1887.

Under this authority the I.O. forms received from the Ordnance Officer may be signed & returned with a Copy of the Foreign Dept: telegram of 81.

~~It should be submitted for W.to D.~~

12/11/84.

4. The supply should presumably be on payment as it forms a charge against the Assigned Revenues. Stationery supplied to the C & Ry. Station offices by the Quetta Stationery Depôt is paid for & there is no reason why arms & ammunition should be supplied by the Armed Force. If approved the forms sent by the Ordnance Officer may be signed & returned to him with the remark that the supply is to be on payment.

and that the cost of this has been instructed to remit the cost on the circular intimating to him the amount. A copy of p. 7 the transfer dept. sanction to the supply may also be sent to the Ordnance Officer

Draft noted for approval

No 14/11/01

Technically the above procedure is I think Rect correct & may be adopted Practically it makes no difference as we are already taking very good care in our pro forma accts to shew a debit agst the Striped Tract & this is a much fairer charge on Rect our running than many Rentals

Arms & ammunition for the Police Treasure Escort

The Police Escort has been newly entertained & it is only very recently that it was supplied with the following arms

2 swords for Head Constables.

1 revolver for Sub Inspector } with ammunition

15 S. B. Snider Carbines }

Excepting when the Escort goes to procure the Escort generally takes treasure by rail There seems therefore to be no sufficiently strong ground for the Escort being provided with bayonets as "a further protection for the treasure" There is nothing to show whether bayonets are given in Madras to the Police Treasure Escorts If they are to be provided, the searching of the packs of Indian coolies will be necessary but the 15 required should be discontinued

15 bayonets will apparently be required

2

2. As regard Snap caps, they are required for preventing damage to nipple of the carbine when practising firing exercise. If they are required urgently, they might be obtained from the Woolwich Officer Instructor, Musketry, on payment. If he does not require the sanction of the Supt of Stores in the supply of this store, the Supt of Stores will be saved some trouble in a comparatively small matter.

3. Seeing that the Police Treasure Escort have just commenced work & that they have not had as yet much practice in firing the D.S.P may well defer his present requisition for some time longer, say six months.

15/3/05

4. We may first ascertain whether the Woolwich Arsenal will supply .15 bayonet & snap caps required for the Treasure escort on payment & if it agrees the Supt may be asked to send the necessary indents.

(Also produced 6 Martini bayonets accepted by the Woolwich police)

It is a principle of account that no money is disputably payable should never be left unpaid. There is no money available in the budget allowance to meet the expenditure in question & there is no time to obtain a supplemental grant from the Govt. of India for this purpose. An application for reappropriation of funds has only recently been sent up to the Govt. of India. In these circumstances, there appears to be no objection to the proposal of the D. S. Additional arms for the Police

The arms now possessed by the police were supplied as follows:—

Ss 2 & 7 — 15 carbines & 1 revolver in 1904

Ss 52 & 54 — 6 muskets in 1906

Ss 8 & 9 — In addition there must be 2 swords for Head Constables (The 15 carbines supplied in 1904 were exchanged for a similar number of muskets in 1906 — vide Ss 68 & 80.)

The demand for 24 additional muskets seems to be large. These arms do not appear to be quite necessary. The services of the military are available when arms are required at any disturbance.

There are now 21 rifles with bayonets and 1 revolver. Of these, 15 rifles and revolver were specially obtained in 1904 for the additional police sanctioned for the escort of treasure. Next the D.S.P has appropriated 12 rifles with bayonets and 1 revolver for the Treasury Guard, leaving 9 rifles with bayonets for the treasure escorts. He ~~now~~ now applies for 24 additional converted Martini Henris with bayonets. Why does he want 24 more? The treasure escort consists of 1 sub-Inspector, 2 Head Constables and 15 constables. The Sub-Inspector ought to have the revolver obtained in 1904 and the Head Constables the two swords sanctioned in that year. ~~Each~~ Martini Henris are therefore required only for the Constables: there are 9 already available and therefore only six more are required. SIR,

Reference your no 2098 dated 30-3-1906. I have the honor to state the necessity for the exchange is given in my letter no 1127 dated 3-3-1906. I have at present 2 different sort of arms and ammunition, and the consequence is that the men have to be taught two different kinds of drill and will also have to learn to shoot with different weapons. I cannot understand the ordnance officer's letter, he states that the Arms have been supplied as ordered. This is not the case. In your letter no 1159 dated 21-2-1906, you state that the ordnance Department have been asked to supply 6, bored out Snider carbines etc; whereas 6, martini carbines have been supplied, so there has been some mistake somewhere.

Under the circumstances I request that the Inspector General of ordnance S.C. Poona

Poona may be addressed to allow me to exchange 15 Sniders already supplied for 15, Martini Carbines.

Sir,

I have the honour to apply for an increase in the number of Arms to be kept in charge of my Reserve Police. These consist at present of 21 converted Martini Henris, 21 bayonets and 1 revolver. Of these, 12 rifles, 12 bayonets and the revolver are always required for the use of the Treasury Guard, leaving a balance of 9 rifles and 9 bayonets for the use of treasure escort parties. These, at times, are found quite inadequate for our requirements, as, when only a few days ago a remittance of 4 lakhs of Rupees had to be sent to Coorg, I had to wire to the Assistant Superintendent of Police, Mercara, for necessary escort to supplement mine for the journey from Mysore to Mercara. I could not supply the full escort for reason of the want of arms.

2. I request therefore that I may be supplied with 24 additional converted Martini Henris with bayonets. While on the subject of arms, I would bring to notice that none of my Inspectors or Sergeants or Sub Inspectors are armed. In the event of any disturbance, their place is to the front. It is therefore necessary that they should all be armed. Each of the Inspectors and the Sergeants in my

my opinion should have a revolver and sword with Sam Brown belt Each Sub Inspector should have a sword I request the matter may be considered and sanction granted.

Sir,

I am directed to acknowledge the receipt of your letter No. 9, of the 9th April 1914, applying for an increase in the number of arms to be kept in charge of the reserve police of the C & M Station of Bangalore.

2. There are now 21 converted martini-Henries with bayonets and 1 revolver Of these, 15 martini-Henries with bayonets and 1 revolver were specially obtained in 1904 for the

the additional police sanctioned in that year for furnishing treasure escorts (vide your letter No 351, & the 7th July 1904), but it appears that 12 rifles with bayonets and the revolvers have been appropriated by the Treasury Guard, for whom only 6 rifles were originally intended (vide your ~~xxxx~~ letter No 1069, & the 12 Feb 1906) No explanation has been offered for this variation but assuming that 12 rifles with bayonets and the revolvers are required by the Treasury Guard, it is not understood why 24 additional converted Martini Henris with bayonets are now required. The additional police sanctioned

S.43, 7 $\frac{252}{1891}$

for escorting treasure consists of 1 sub-Inspector, 2 Head Constables and 15 constables. The Head Constables have presumably the use of the two swords sanctioned in 1904 (vide letter No. 5378, dt the 28 Oct 1904 from this office)

S. 9 7 $\frac{261}{1904}$

For the 15 constables 9 rifles are already available and only 6 more appear to be required.

In this connection it may be observed that according to Madras Police order No 546 an escort for a remittance exceeding one lakh ordinarily includes only 15 constables.

3. You also ask for

(a) a revolver and a sword with belt for each Inspector and Sergeant.

(b) a sword for each Sub Inspector.

I am to enquire whether by the term "Sergeants", the ~~Head Constables are meant and, if so, how many out of the 57 Head Constables. There are in addition~~ 2 European Sergeants for controlling vehicle traffic on Rs 80 & 90 respectively are meant. In the next place I am to ask what is the practice in this respect in the Madras Presidency. It may be mentioned that in a military station like Bangalore armed police are hardly required for quelling disturbances.
